Monash Children's Hospital School do not plan or conduct camps or excursions at our school.

The leadership staff at Monash Children's Hospital School are aware of the Department of Education processes and procedures which should be used when planning and conducting camps, excursions and adventure activities for students. However, at this time, do not need to develop a policy to follow these processes. Should this change in the future, we would develop a policy based on the Department of Education Camps and Excursions Policy template.
