

VOLUNTEERS POLICY

Need an English interpreter?

If you need help to understand the information in this policy please contact Monash Children's Hospital School on 8572 3100.

Need an Auslan interpreter?

If you need help to understand the information in this policy please contact Monash Children's Hospital School on 8572 3100.

Monash Children's Hospital School do not engage volunteers at our school.

Whilst the staff at Monash Children's Hospital School are aware of the legal obligations associated with the Worker Screening Act and Child Safety Standards to engage volunteers, we have no need to follow these processes. Should this change in the future, we would develop a policy based on the Department of Education Volunteer Policy template.

Monash Children's Hospital Volunteer Co-ordinator recruits, screens and supervises volunteers that work at the hospital, however these volunteers do not work with our staff nor support our students with their education.
